

Important Notice to Parents

November 4th, 2021

With the recent announcement of a vaccine for COVID-19 being available for children ages 5-11 years of age, it is important for parents and community members to know that at this time the Darby School District will not be making the vaccine mandatory for enrollment. The choice to vaccinate will be a family decision and we encourage families to consult with their family health care provider to help with the decision making process. If you have any questions, please contact me. Thank you for your support and understanding.

Chris Toynbee

K-4 Principal/Superintendent

Darby School
